SERIES-UFO
LED BAY LIGHTS

The ZGSM® UFO-Series LED bay lights are using LUMILEDS® LUXEON luminous source, providing excellent lumen output, long-lasting stability and splendid sight.

The ZGSM® UFO-Series LED bay lights are using high-end MeanWell LED driver with long lifespan. Provide 5 years warranty on luminaire.

Color Options
● black

HIGH-EFFICACY LED LIGHT SOURCE

Philips Lumileds 3030 2D
Greater than 165lm/W high efficacy, illumination grade LED light source.
Philips Lumileds 5050
Greater than 185lm/W high efficacy, illumination grade LED light source.

HIGH-END LED DRIVER

High-end MeanWell HBG Series LED driver, optimal stability, performance and lifespan.

Optics

60°

Reference Only

Lens code: 60°

110°
Reference Only

Lens code: 110°

Design Features

180°adjustable bracket is available.

Excellent thermal management system and heat radiation enable the LEDs consistently work cooler, providing significant boosts to lifetime and efficacy.

Professional lens design with 60 degrees.

Utilize high permeability tempered glass, providing the best lumen output of the luminaire.

Smart Controls

UFO comes with a variety of optional integrated controls.
Standard
1 -10 V dimmable/ DALI controlled

3 step dimming, daylight and motion sensor

Dimming Optional

MeanWell dimmable driver will be used if dimming function is requested.
Multiple dimming functions are integrated (1-10V DC, PWM Signal or potentiometer).
★ 1-10V Dimming [All the models are available]
★ PWM Dimming [All the models are available]
★ Potentiometer Dimming [All the models are available]
